

Personhood

THE NEW PRO-LIFE PARADIGM FOR THE 21ST CENTURY

January 22nd 2013 marks the 40th anniversary of Roe v Wade.

This has tremendous significance for those of us who have labored decades for LIFE, having the revelation that

Jesus came that we may have LIFE and that abundantly!

Do you agree that *every* person should have the right to Life, Liberty and the Pursuit of Happiness? Even the pre-born, elderly and disabled?

We invite you and your congregation to join with us and other area churches to promote Personhood, the new pro-life paradigm for the 21st century.

What is Personhood?

In Justice Blackmun's statement of Roe v. Wade, he that said that if the fetus could ever be proved to be a person, the abortion decision would collapse. Now with increased technology and ultra sound, we know that personhood begins at the moment of a baby's biological development. Over 50% of Americans are now pro-life.

Just as the wicked Dred Scot decision ruled that African Americans were non-persons and could be property, so Roe v. Wade has declared that the pre-born are non-persons and are considered property. As Dred Scott was never "overturned" but amended, we are appealing to the hearts and minds of our citizens to simply recognize the personhood of the pre-born, the disabled and the elderly to protect their right to life, liberty and the pursuit of happiness by love and by law. Their personhood is self-evident; their right to life is inalienable and comes only from our Creator.

In our state, life is at risk! Florida has the second highest number of abortions in the nation. We have seen the disabled and the elderly starved and dehydrated to death. As Florida goes to great lengths to attract biotech research, we may soon start experiencing even more of the dehumanization of the human embryo and human life.

Jeremiah 1:5 states, "Before I formed you in the womb I knew you, before you were born I set you apart..."

The ultimate goal of Personhood Florida is to have the state of Florida recognize constitutional personhood for all human beings, which will end abortion! We must **have over 700,000 valid petitions** turned in though 2013 for ballot access in 2014. This is our opportunity to put our faith to work. Will you join with us? Will you help us reach this goal by petitioning in your church? In your community?

4 Things Pastors can do in January 2013:

1. Collect signatures for the petition in your church.
2. Put us in touch with someone in your church who has an interest in assisting us in collecting signatures at Christian, Pro-Life, and public events.
3. Share this opportunity with other pastors and pastors' networks.
4. Help us reach all across Florida with this message of pro-actively protecting all human life by love and by law by sowing a financial seed as Isaac did, in the time of famine as in Genesis 26:12,

“When Isaac planted his crops that year, he harvested a hundred times more grain than he planted, for the LORD blessed him.”

Tax deductible checks can be made to Personhood Education and mailed to:

We know that there are giants in the land! We know that we are but grasshoppers in their sight!

But, isn't it time for the Joshua's and Caleb's to go into the Land that He has for us?

Isn't time for us to believe God?

Isn't He asking us to pursue justice as He did in **Psalm 94:14-15** (AMP)

“The LORD will not reject his people; He will not abandon his special possession.

Judgment will again be founded on justice, and those with virtuous hearts will pursue it.”

This is why we are so excited about Personhood FL and our continuing efforts for the sanctity of all human life from biological beginning until natural death.

Romans 12:21 NLT “Don't let evil conquer you, but conquer evil by doing good.”
